Trauma Grand Rounds LIVESTREAM Presentation: Pediatric Trauma Radiology

Course Faculty

Lincoln M. Wong, M.D.

Radiology
Children's Specialty Physicians
Assistant Professor,
Radiology
University of Nebraska
Medical Center

Monday, August 27, 2018

12:00 p.m. – 1:00 p.m.

**Children's Hospital & Medical Center
Glow Auditorium, 3rd floor**

Target Audience: RNs, APRNs, PA, EMS and Physicians that care for pediatric trauma patients in the Emergency Department, Operating Room, Intensive Care Unit, Intermediate Care and Medical-Surgical Units.

Purpose: Examine essential radiology considerations in pediatric trauma.

Objectives:

1. Describe ALARA and Image Gently so as to minimize radiation for pediatric patients in the setting of trauma.
2. Recognize what type of imaging is typically used in pediatric trauma and identify common trauma injuries.
3. Illustrate the radiology workflow that occurs during trauma activation.
