Prosper Lincoln Vision
Lincoln is a thriving community for people to live, work, and play, where there is equitable opportunity for all residents to have the income, education, and resources they need to be successful.

Prosper Lincoln Early Childhood Mission
To nurture every child on the path to success

Early Childhood Comprehensive Health Working Group

**Vision Statement**
We will be a culturally aware and inclusive community where all young children and their families are healthy, thriving, and connected.

**Values and Beliefs**

We believe in a **Supportive Community** where:

- Early childhood and protective factors for healthy brain development are prioritized,
- Families’ basic needs are met, and
- Education for parents, families and caregivers is ensured.

We believe that **System Alignment** occurs when the community:

- Implements policies and practices that support families, parents and caregivers, and
- Ensures measurable outcomes for maximum impact.

We believe in **Equitable Opportunities** for:

- Accessible and integrated healthcare and behavioral health services,
- High-quality, affordable early childhood education, and
- Families to live in safe neighborhoods with access to healthy food and physical activity.
