

# Donation Wish List & Guidelines

## Donation Guidelines

Due to current protocol & visitor restrictions regarding COVID-19, Children's is limiting donations of physical items at this time. Donation must be preapproved and scheduled with Family Resources Administrative Assistant at [shevans@childrensomaha.org](mailto:shevans@childrensomaha.org)

Due to the safety of our patients, families, healthcare workers and community members, unscheduled donations will not be accepted.

At this time, our preference for donations are gift cards or items off our wish list that can be directly mailed from the vendor.

The items that are donated to Children's Hospital and Medical Center will be used to continue to help foster our patient's developmental needs.

We require that all donated items must be new and in their original packaging.

Any plush items must be purchased within the last month.

The health and privacy of our patients is a top priority, therefore, we retain the right to refuse any donation that does not meet our organizational standards. We also cannot allow donors to deliver the items to the patients directly. You will be given an opportunity to take a photo with the items you donated during your scheduled drop off if you would like. Again no patients will be available for the photo. Thank you for understanding and helping keep our patients privacy and health a top priority.

If your donation drop off is not prearranged we will not be able to accept it.

Valentine donations will not be accepted after Feb 10<sup>th</sup>

Christmas donations will not be accepted after Dec 10<sup>th</sup>

Unfortunately we cannot accept the following items

- Gently used items
- Items that are wrapped due to inability to assess the item
- Items that contain latex
- Items that have been stored for a longer period of time even if they were in a cabinet or container (collectibles)
- Food or Candy
- Items related directly to a specific religion
- Oversized toys or plush
- Homemade items that are outside our established criteria
- Flowers or Plants
- Old Medical Equipment
