Miracle GALA 2022

SATURDAY, NOVEMBER 12

MIRACLES LIKE KATIE

Katie was an active, healthy toddler, until one morning the unthinkable happened – she was found unresponsive in her crib. Thankfully for her parents, Ben and Nicole Fangman, Children's was less than 15 minutes away. Katie was diagnosed with acute respiratory distress syndrome, RSV and pneumonia. Combined, these illnesses took out her immune system overnight, causing her to become incredibly sick, requiring specialized care in the Pediatric Intensive Care Unit. Doctors placed Katie on extracorporeal membrane oxygenation (ECMO) – the most advanced form of life support. Katie remained on ECMO for 53 days, the longest any patient has stayed on ECMO at Children's.

Then, a miracle happened. Katie's airways opened and her lungs started working again. "That was our turning point!" Nicole said. "Doctors were able to take her off ECMO. I finally got to hold her for the first time after two months and cuddled her for eight hours straight." Today, Katie is a thriving 4-year-old without any major health issues. "I am so glad we have our little girl back," said Nicole. "We feel so blessed to be in a state with a hospital like Children's that has the capabilities to take care of patients like Katie."

SUPPORTING THE HUBBARD CENTER FOR CHILDREN

Proceeds from the 2022 Children's Hospital & Medical Center Gala will support investments in state-of-the-art equipment and technology in the Hubbard Center for Children, which opened in August 2021, ensuring Children's continues to offer the very best care for kids. The Hubbard Center doubles Children's physical footprint, creating space for expanded programs and enhanced services to improve pediatric health care and benefit countless children and families in Omaha and throughout the region. The Hubbard Center is home to Children's Neonatal Intensive Care Unit, Pediatric Intensive Care Unit, Fetal Care Center, Cardiac Care Unit and more. It offers enhanced surgical space, expanded Radiology and Emergency Departments and a new rooftop helipad.
